CANANEA RIOTS
INCITED BY
MAYOR

DOUGLAS, June 19.—Adolfo de la Huerta, governor of Sonora, issued the orders under which the civil population of the state are arming themselves, according to Americans reaching here today from Naco, who were in Cananea Saturday night and listened to the reading of the official message in a theatre. De la Huerta is said to have used strong language in urging the Mexicans to make haste to prepare to meet the American forces.

From the same source it is learned that the demonstration of Saturday night at Cananea was even more violent than was indicated by the first reports.

Many Americans were at a dance and those were herded to their homes like cattle. Many were stopped on the streets by armed Mexicans who threatened them with drawn pistols. A number of shots were fired at the homes of Americans. Armed guards stood watch over the homes of many throughout the night.

There are approximately 650 Americans in Cananea according to the most reliable information obtainable here. The problem of getting them out of Mexico without creating more bitter feeling among the Mexicans is a trying one. The departure of the Americans would mean the closing down of the smelter and mines of the Cananea Consolidated Copper Company, the Democrata Mining Company and other smaller properties and the complete paralysis of a community of twenty thousand persons.

Monday. County News

TOMBSTONE, June 19.—(Special)—The names of the fifty trial jurors who will serve for the June term of the Superior court and who will report on Monday next, were drawn this morning in the court room. The clerk of the court, Undersheriff Welch and County Recorder Murphy were present as required by law. The names are now in the hands of the sheriff and he will endeavor to serve them so that they can be on hand on Monday next. In this connection it might be stated that Judge Lockwood has decided to do away with the special venire and hereafter all of the jurors will be drawn from the regular jury lists.

The calling of the criminal calendar was held this afternoon in the court room and a number of attorneys were present to represent their clients. The cases will be tried commencing next week and it will take until the latter part of July to complete the trials. There are four murder cases, a number of assault with intent to commit murder cases, several grand larceny cases, burglary cases, to say nothing of the thirty or forty bootlegging cases. There are forty prisoners in the county jail awaiting trial and about twenty out on bond so that the court will have its hands full to dispose of all of the criminal business before August 1.

Pedro Moreno and Juan Guerrero, who had been held on a charge of resisting an officer, entered pleas of guilty and were released under suspended sentences for a term of five years.

Admitted to Practice.
Word received here yesterday was to the effect that Miss Evelyn J. Costello, daughter of Mrs. Mary Costello, was among the class graduates of the college of law of the University of Southern California, who were admitted to practice this week, on motion in the district court of appeals. Miss Costello is a daughter of Mrs. Mary Costello, of Tombstone, who have made their home in Los Angeles for the past several years. She read law in the offices of Ellinwood & Ross for a short while before completing her course at the University, and her many friends will be pleased to hear of her success.Receives Bad News.

Friday, Judge James F. Duncan celebrated the anniversary of his 77th birthday, and entered upon his 78th year as hale and hearty as the average man of forty years. Judge Duncan is one of Tombstone's oldest pioneers and first set foot in the old camp on the 2nd day of October, 1879, when the first houses were then under construction in what was later destined to become one of the biggest mining cities in the southwest.

The Judge is an authority on early history of Tombstone and Bisbee and has written much of the past of the historic camp regarding early day mining, and Apache escapades in this section. He has a world of information at his command and unluckily is the seeker of data of early day history of Tombstone, and Cochise county, who does not interview him. He has countless friends in the county and in the state, who wish him many more anniversaries of happy life.

Were Married Here.
Miss Ina Parks, of Wilcox, became the bride of Dudley R. Walker, of Dragoon, yesterday, when Rev. A. Amundsen of the Congregational church pronounced the ceremony. The couple came over with immediate members of the family, secured the license and were married last evening at the church. They are both well known in that end of the county and have many friends, who wish them a happy wedded life. Accompanying the couple were A. E. Walker, well known cattleman of Dragoon, and wife, Miss Mabel Walker, and brother, Jim Walker. They returned to their home at Dragoon today, where they will reside.YUCATAN WARS ON S. U.

ORRIN JOHNSON AS THE WAGE EARNER AND GLADYS BROCKWELL AS HIS WIFE IN "THE PRICE OF POWER," A TRIANGLE-FINE ARTS PLAY DEALING WITH THE CAPITAL AND LABOR PROBLEM.

Orrin Johnson, the estimable Broadway star, will be presented by the Triangle Film Corporation in an Ince supervised production of "The Price of Power," an adaptation by Thomas H. Ince and J. G. Hawks of Alexander Dumas' immortal classic, "The Three Musketeers." Though it will not be this notable actor's first appearance on the screen, it will nevertheless offer him a romantic role that is believed to have afforded him more splendid opportunities than he has ever enjoyed since he deserted the footlights for the screen.

The cast which appears in support of Mr. Johnson is expected to equal the usual Ince standard. It includes Dorothy Dalton, Louise Glahn, Rhea Mitchell, George Fisher, Harvey Clark, Walt Whitman and Arthur Maude.

"THE SPIDER" AT AIRDOME.

"The Spider," an extraordinary Paramount Picture produced by the Famous Players Film Company, gives Pauline Frederick an unusual opportunity for the display of her amazing talents, as the subject presents her in two diversely opposite roles, Valerie St. Cyr, a notorious Parisian beauty, and her deserted daughter, Joan. In the impersonation of these dual but distinct characters, the superb emotional artist performs miracles of character interpretation and of dramatic portrayal. The tremendous power of Miss Frederick's art and the wide range of her screen capabilities were never so forcefully illustrated as in her compelling delineation of this unique emotional drama. "The Spider" will be shown at the Airdome tonight.

9150 Miles

That wrapper
Came 9150 miles.

All the way from the South Pacific where climate and cultivation combine to produce smooth, silky wrappers, comes the smooth, brown, Sumatra wrapper of your friend, the OWL.

Why does the OWL manufacturer use a Sumatra wrapper?

- Because it is the smoothest, mildest, most flawless wrapper he can find—anywhere. Because it helps to make the OWL the best smoke that a nickel will buy.

Perhaps you don't know the OWL is made with an imported Sumatra wrapper. Perhaps you don't know the OWL is hand-made, from long leaf filler. Perhaps you don't know the story of the Million Dollar OWL?

If you don't know the OWL personally (we suggest it gently)

CARRANZA CABINET CONDEMN AMERICAN

MEXICO CITY, June 19.—Minister of Foreign Affairs Aguilar declared that serious complications could only be averted by the withdrawal of the American troops. He said that he regretted that the United States misunderstood the attitude of the Mexican people who become distrustful because of the failure to recall the American soldiers.

Editorials in official organs strongly condemn the Washington administration for refusing to recall General Pershing's column and request the American government to make good its oft-repeated "protestations of non-interference in the internal affairs of Mexico."
